# PARTNERING YOU IN EDUCATION

1. School attendance is a **critical factor for student learning, development and well-being**. For students who are frequently absent, timely intervention and support are necessary to ensure the students keep abreast with the learning in school.
2. When your child is not in school, please inform the FTs of the reason for his/her absence. If not, **FTs will contact you for the reason** because the reasons need to be updated in the system.
3. If your child is absent without a valid reason (or frequent absences with valid reasons via parents' letters) , school will conduct home visits to find out the reason, so that your child could be supported with the most appropriate assistance.

# PARTNERING YOU IN EDUCATION

## Attendance Guidelines - For compliance

### **What are valid reasons for your child's absence?**

- Student is unwell with MC from doctor
- Student is still unwell after days of MC given by doctor
- Bereavement or serious illness of a family member

- Going on a trip to visit a relative
- Going on holiday
- Need to take care of siblings

**Will be recorded as

# What is Cyber Wellness?

**Cyber Wellness** is the ability of our children and youth to navigate the cyberspace safely.

This is done through our **Character and Citizenship Education (CCE) curriculum** which aims to:

- **equip students with the knowledge and skills** to harness the power of Information and Communication Technology (ICT) **for positive purposes**;
- maintain a **positive presence in cyberspace**; and
- be **safe and responsible users of ICT**.

Through the curriculum, your child learns knowledge and skills to have **balanced screen use, be safe online, and exhibit positive online behaviours**.

# How Can We Partner Up?

Together, we can raise happy, kind and confident children, ready to thrive in the digital world.

# 3 areas we can work together on to foster School-Home Partnership

Our children do best when schools and parents work hand in hand to support them.

## 1 Respectful Communication

*Listen, understand, and foster kind words and actions between you and your child*

## 2 Role Models

*Role model healthy use of devices and social media, and good online behaviour for your child/ward.  
Role model respectful conversations.*

## 3 Real Connections

*Cultivate strong relationships and healthy habits in this digital age.*

# DELAYING SMARTPHONES AND SMARTWATCHES: A SHARED RESPONSIBILITY

- **Primary school is about readiness**

We prioritise self-management, attention, and responsibility before device ownership.

Please refer to page 27 of the Student Companion for more details.

- **Safety is already assured in school**

Students are supervised throughout the day, and **Primary 1 students are handed over directly at dismissal**.

- **Aligned with MOE & MOH guidance**

MOH advises **delaying smartphones and smartwatches** for young children to support healthy development and reduce screen dependency.

- **Devices can distract from learning and routines**

Notifications and device management add cognitive load that young children are not developmentally ready for.

- **Consistency and fairness matter**

Clear, school-wide rules help children understand boundaries and develop discipline

# **DELAYING SMARTPHONES AND SMARTWATCHES: A SHARED RESPONSIBILITY**

Based on **MOH guidance**, parents should ***delay giving children*** unrestricted mobile devices.

Ask yourself: Can your child ***keep track of belongings independently, handle responsibilities without reminders, obey guidelines, and differentiate appropriate content?***

## **Partnership Approach**

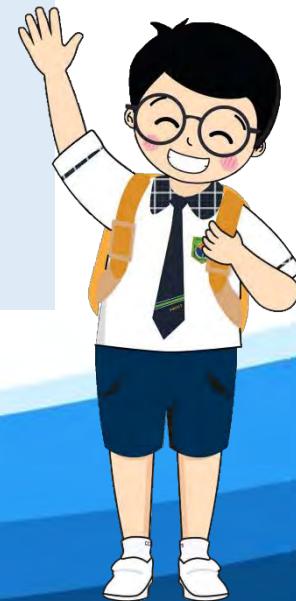

We are **empowering** our children for future success.

Let's work together to build strong **life foundations first** - independence, responsibility, and self-regulation. When these skills are solid, our children will be truly ready to thrive with technology.

# Upper Primary Block Focus 2026: “I Am a Leader”

As students progress through Primary 5 and Primary 6, the upper primary years are a crucial phase where they deepen academic competencies, strengthen their social-emotional skills, and prepare for the transition to secondary school.

Beginning 2026, the combined Upper Primary Block will anchor our focus on developing every student as a **Leader** — of self, of learning, and of their choices.

# UPPER PRIMARY LEVEL FOCUS

# Upper Primary Block Focus

This block focus unifies both levels and reflects the core message we want every child to carry:

# **Direct School Admission For Secondary Schools (DSA-Sec)**

Since **2019 DSA-Sec**, students have been able to apply for DSA through a centralised **DSA-Sec Application Portal**, using a common application form.

The portal will simplify and streamline the DSA application process, making it convenient for all students.

# Should I apply for DSA-Sec for my child?

Talent

Commitment

Passion

If your child has specific **talents** which a school offers the DSA-Sec in

Is **passionate** about and **committed** to develop his/her strengths and interests

DSA-Sec can support his/her development in that talent area.

# Which school should my child apply to for?

**Look for a school with programmes that match your child's strengths and interests**

- Schools are looking out for students whose interests and talents they can develop further.
- Learn more about the secondary school's pace of learning and overall range of programmes

**Get the latest information about what each school offers by:**

- Visiting schools' websites
- Attending schools' Open Houses to also experience their environments and cultures
- Visiting the MOE's DSA-Sec website (will be updated around April each year)

# DSA-Sec: Timeline based on 2025

# DSA-Sec: What are schools looking for?

- Selection process differs across schools and DSA-Sec categories.
- Generally, schools are looking for candidates with:

## Talent, passion, commitment

- Schools may look at **achievements** and **participation** (e.g. in Junior Sports Academy).
- Schools may also conduct tests, trials or selection camps to identify students with **strengths, or sound fundamentals and potential**, in particular areas.

## Strong personal qualities

- Schools may look at CCA records and VIA participation.
- Schools may also conduct interviews.

## Good academic fit

- Schools may look at primary school results to ensure students can benefit from the school's pace of learning.

# **P5 & P6 Growing Years (Sexuality Education)**

**CHUA CHU KANG  
PRIMARY SCHOOL**  
*Empowered Leaders*

# Why have Sexuality Education?

Our children are growing up with a **wide range of influences through the internet**.

Sexuality Education aims to:

- Support students in **managing their physiological, social and emotional changes** as they grow up and **develop healthy relationships**.
- **Guide students to make wise, informed and responsible decisions** on sexuality matters.
- **Help students develop a moral compass and respect** for themselves and others by having **positive mainstream values and attitudes about sexuality** that are premised on the **family as the basic unit of society**.

# The 6 guiding principles of sexuality education are:

1. **Parents play the primary role** in educating their children and are responsible for teaching and transmitting values on sex and sexuality.
2. **Our educators will impart knowledge, skills and values** that reflect that of Singapore's mainstream society so that students will make informed and responsible decisions on sexuality matters.
3. **Aligned with our national values of encouraging heterosexual married couples to have healthy relationships** with each other, and to **build stable nuclear family units** with extended family support.
4. Only **specially selected and trained teachers** will teach Sexuality Education.
5. **Students and teachers are to respect the different attitudes, values and beliefs that different communities may have.**
6. **Relevant community resources that are aligned and approved by MOE** may be used to supplement schools' programmes.

# Building Relationships

## Giving Your Child S.P.A.C.E. to Build Resilience

Resilience is not something that you are either born with or not. It is something that everyone can develop and grow.

Give your child space to find ways to solve their problems, while remaining available to provide help if and when they reach out. This will help your child see their family as a safe and reliable source of support.

### Tips

#### 1 Support

- Let your child know that you are there for them
- Be willing to listen to your child

#### 2 Problem-solve

- Guide your child in solving problems together

#### 3 Affirm

- Affirm your child's strengths and effort
- Provide your child with words of encouragement

#### 4 Cheer

- Cheer your child on for the effort that they make
- Share inspirational stories of how you or others had overcome challenges

#### 5 Empower

- Let your child make decisions
- Encourage your child to voice their ideas, and to carry out plans that they have made
